City of Peterborough Swimming Club (COPS) is a Swim21 accredited club with a pedigree of successful swimming attainment. The club is committed to building a LTAD pathway that will ensure COPS continues as an established swim programme that routinely produces athletes that are competing at national level and above.

Our club is seeking to appoint a Full-time Assistant Coach whose main focus will be to develop the junior programme – the foundation on which our future success will be based. The successful candidate will be someone who demonstrates that they are highly motivated and that they can produce swimming plans that challenge and develop our young talented swimmers. They must also be able to demonstrate a proven track record of developing successful strategies for swimmer recruitment and be able to contribute to the general administration of the club.

To be considered as a candidate you must hold the ASA level 2 coaching certificate and be currently pursuing, or be able to pursue in the next 12 months, the ASA level 3 Coaching certificate to a successful conclusion.

COPS is committed to safeguarding the children that swim in our programme and the successful candidate will be subject to CRB checks.
